

**ON DEMAND AWD WITH TURF MODE**

- Using a thumb switch on the handlebar, switch on the fly between - Turf mode, 2-wheel drive, or On Demand AWD with Active Descent Control.
- Turf mode provides 15 percent tighter turns and minimises damage to soft terrain.
- The On Demand AWD system automatically engages when the rider needs more forward traction. It reverts to 2WD automatically when AWD is no longer needed.

**ANTI-KICKBACK STEERING**

- Big 14" wheels enable longer A-Arm suspension that places the steering pivot in the neutral centre of the tyre to minimise handlebar kickback.

**TRANSMISSION**

- Roller-driven clutch reduces friction and provides smoother, faster clutch response and back shifting.
- "Low" gear with speeds up to 62 kmph in low range.

**ENGINE BRAKING SYSTEM (EBS) w/ ACTIVE DESCENT CONTROL (ADC)**

- ADC provides four-wheel braking when vehicle is in AWD, ADC is operating at speeds below 24 kmph and no throttle is being applied.

**BRAKING**

- Sportsman X2 features large brake discs on all four wheels.

**HUGE LOCK & RIDE® FRONT STORAGE BOX**

- 31 litre capacity

**ENGINE**

- Powerful 550cc single EFI with 42hp.
- Decreased engine vibration due to rubber mounting to chassis & internal balance shafts.
- Large airbox for more power and quieter operation.
- Largest starting motor for more reliable starting.

**TRANSFORMING SEAT / DUMP BOX**

- Transforming seat folds up and out of rear dump box to go from 1-Up work mode to 2-Up play mode in three easy steps.

**SUSPENSION**

- Rolled Independent Rear suspension minimises rear-end squat and provides better bump absorption.
- Rolled IRS is coupled w/progressive, dual-rate springs with adjustable preload front & rear.
- Dual A-Arm front suspension with longer control arms.
- Models feature the highest suspension travel with 22.9 cm front and 25.4 cm rear.
- High ground clearance at 28.6 cm.
